Clubs Contribute \$100,000 for Endowment of Federation, to Be Used in Carrying on Work; Beauty Hints for Cities

By Mrs. W. K. James,  
(Field Chairman of Endowment, General Federation of Women's Clubs.)  
New York, May 25.—We are ready to announce that the \$100,000 endowment fund of the Federated Clubs has been fully contributed by the clubwomen of the United States. The announcement will be formally made at the national convention now going on here.

When the growing need of a larger income for the General Federation became too great to be ignored it was proposed either to increase the dues or raise an endowment.

Larger dues might shut out some clubs from membership and the women gathered at Cincinnati for the Biennial Convention of 1910 realized the value, not only to the club women themselves, but to the country as a whole, of this body of women coming together from every state and from every condition of life to plan for the common welfare.

Women who were learning to understand and sympathize with circumstances foreign to their own home surroundings and to recognize the obligation resting on them to do their share in building up the nation.

To reduce the number of those brought under the influence of the General Federation could not be considered so the plan of an endowment was adopted.

PAULINE BEATS RECORD.  
By United Press.  
Cleveland, May 25.—Jolie Topsy Pauline De Kol, a four year old Holstein cow, has just set a new world's milk production record for one year. Topsy produced 28,116 pounds of milk the last year, or 2,304 gallons. She beat the previous world's record by 1,917 pounds.  
The cow is owned by the city, and her milk, produced at the Warrensville correction farms, goes to workhouse prisoners.

1910, it was voted to raise an endowment of \$100,000.

At the convention in San Francisco, in 1912, the endowment was presented to the club women in a series of striking and effective talks under the direction of Mrs. Pennypacker, and it was shown to be well started toward success.

At the convention in Chicago, 1914, the last \$20,000 was promised.

By United Press.  
New York, May 25.—Twenty thousand leading American clubwomen at the Federation's national convention here today are learning how to make our ugly cities handsome.

They are, as it were, getting tips from experts on how to take a careless, slovenly, unkempt old municipality, wash its face, give it a new suit, manicure and barber it, put a posy in its buttonhole and set it up a truly handsome brute altogether.

This is a part of the art program of the convention, at which the report of the art chairman will be given before the convention, followed by an address on "Community Art," by William Dudley Foulke, of Indiana, president of the National Municipal League from 1911 to 1915. Mr. Foulke is a life-long student of art in many lands, and an eloquent speaker.

At the art luncheon, at the Astor, there is a program of short speeches by well-known artists. Four hundred tickets are issued for the luncheon, at \$1.50 a plate.

At the art conference, following the luncheon, there will be reports from members of the department, an address on "The Poetic Art in America," by Robert Underwood Johnson, secretary of the American Academy of Arts and Letters.

By United Press.

New York, May 25.—Any one of the 20,000 clubwomen attending the biennial convention of the General Federation of Women's Clubs here today have a homeopathic headache or an allopathic indigestion with impunity.

One hundred women doctors and as many more nurses are on the emergency staff, under the direction of Dr. Rosaline S. Morton, and they daily minister to all the ills a clubwoman is heir to.

Two stations, each under two doctors and a trained nurse, are open at all hours in the Seventh Regiment armory, where the federation is meeting and stations are maintained continual-

ly at the Hotel Astor, the official headquarters, and other hotels. Hospital rooms at the armory and at the hotels are part of the equipment.

THE "GLAD-TO-SEE-YOU" MAN.

The glad-to-see-you treatment is great for human ills. It's better than prescriptions

And multitudes of pills. Tomorrow Jones may grumble, And look downcast and blue. The glad-to-see-you manner Will make him smile at you. Brown may be all despairing. Resolved to quit the fight. Your smile and "Glad to see you" May cheer and set him right. Or some one, sad and hopeless,

May seek the way to crime, Your glad-to-see-you greeting May stop him just in time. So, if through life you carry This cheerful phrase with you, It's ten to one the angels Will be glad to see you, too! —H. Stanley Haskins.
